1.4 ISSUES OF ROLES AND RESPONSIBILITIES

Section 30 of the Act charges the Executive Mayor with the responsibility to manage the drafting of the municipality's integrated development plan in a manner that is in concert with section 29 of the Act. Furthermore, the Executive Mayor is empowered to assign responsibilities to the Municipal Manager relating to the drafting and tabling of the IDP before the municipal council for approval. The Municipal Manager in turn is supported by the IDP unit in managing the preparation of the IDP. In the spirit of promoting the objects of section 29 of Act, the municipality has created an enabling environment for different stakeholders to be involved in developing a people driven IDP. Forums necessitating the achievement of the aforementioned principles are listed below.

- **IDP Coordinators Forum**

This forum must be constituted by the accounting officer and his line managers or heads of departments. This forum provides these representatives with an opportunity to discuss issues of mutual interest and a framework for alignment. This forum meets at least once a month.

- **Public Consultation- Mayoral Road Shows**

The Mayoral road shows are an outreach consultative programme meant for communities across the city who are not organised in any formal structure. This programme which is organised in clustered ward fashion, provides the municipality and communities to engage on the municipality' IDP needs inputs, performance, identification of priority needs for the year ahead and any other matters relating to service delivery issues.

- **The Mayoral Committee/Budget Committee**

The plays an oversight role in preparation and drafting of the IDP and it further approves the IDP process plan, community needs register and public participation plans.

- **The Municipal Council**

According to section 25 of the Municipal Systems Act, the municipal council is the body that has the competence to adopt the draft IDP.

Procedures for Alignment

Section 31(c) of the Act, requires the municipality to align its IDP with the IDP's of municipalities within the area of jurisdiction of the district municipality where such a municipality is located. Furthermore, this section provides that the integrated development plan of a municipality must be aligned to national and provincial plans of organs of the state. In this regard, the Local Government and Housing through the MIDP unit continuously facilitates meetings of all municipalities, national and provincial departments and parastatals to iron out issues of alignment.

Adoption by Council

The process plan outlined above was tabled by the Mayor for adoptions by Municipal Council on 22 August 2017 in compliance with legislative requirements discussed in paragraph 1.
